

eTMF FEATURES AND ACCESS LEVELS v10.6

Reader	Basic access rights; view-only access to files. These users can only submit documents to a room via email if email is enabled in the room.
Editor	Medium access rights; has the ability to add documents directly to the room, apply metadata to documents, and perform workflow functions.
Manager	Managers have access to most room data, both in the documents view and the settings panel, without providing these users access to change permissions or invite new users to the room. Room configuration permissions can be configured.
Administrator	Highest access rights; rights to all documents, settings, and user access control.
*	Functions which are available to that level of access if the appropriate action of Document Manager is awarded.
