This job aid is for auditors, e.g. regulatory inspectors, who have been invited to the study room with access to the **Quality Review** application.

1. Navigate to the **Quality Review** application in the Navigation Grid.

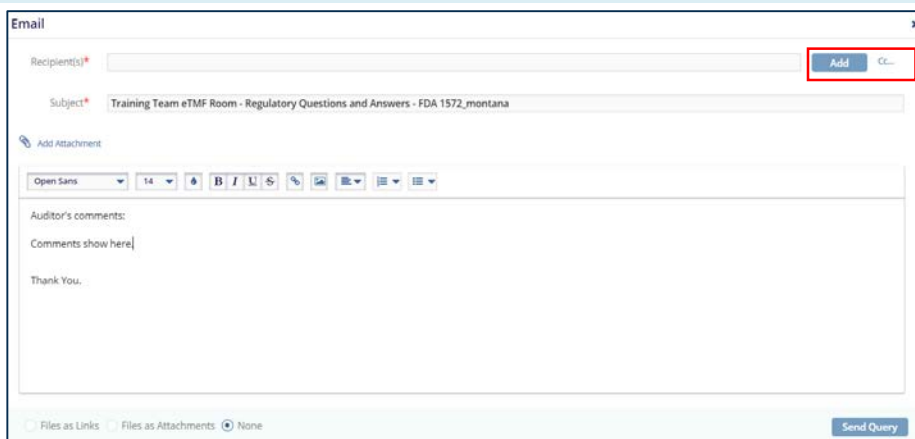

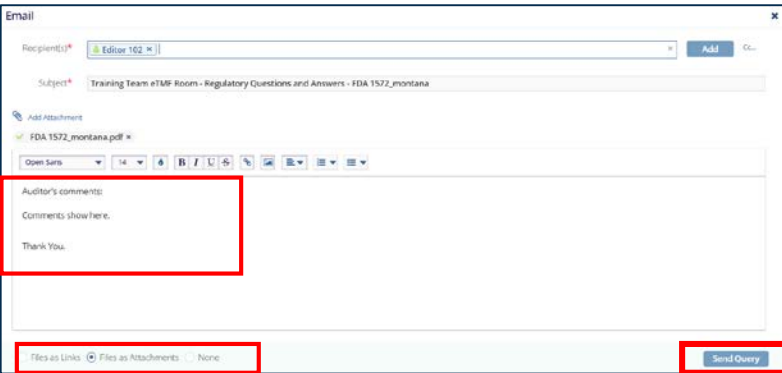

2. Select the document in the audit and open the Metadata pane- click on **Audit**.

3. Click the **Initiate Query** button on the bottom right hand side of the **Audit** pane. An email box will appear.

4. Click the **Add** and **CC** buttons to choose from recipients that are users or contacts in the room.

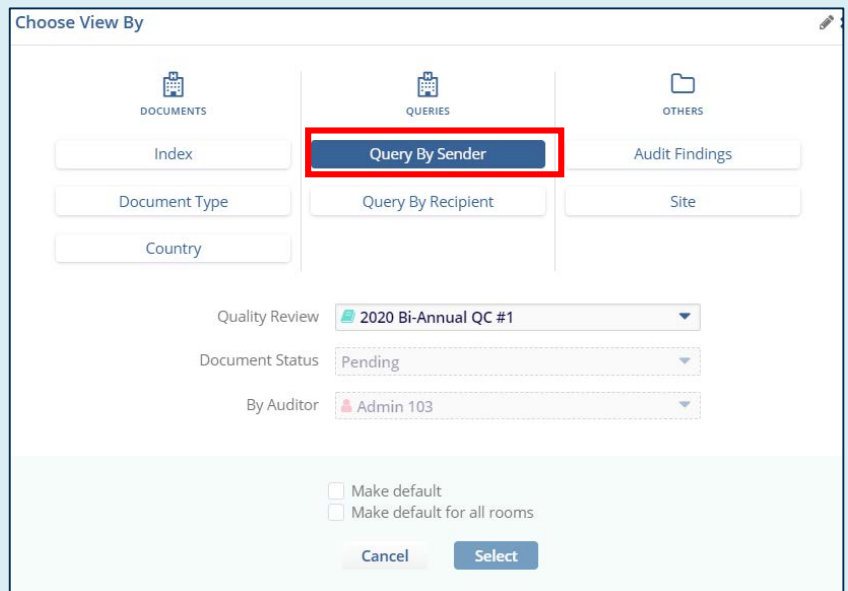

5. Add additional text to further explain the audit finding or issue.

Click **Send Query** when done.

Tip: Users can choose to send a link or a document attachment with their message if desired.

6. To view the query record, change the view to **Query by Sender**.
