

APPLICABLE TO:

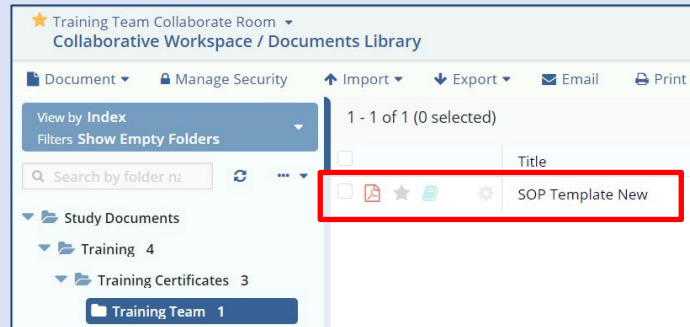

- Administrators
- Editors
- Readers

- eTMF
- Content Management
- myTI

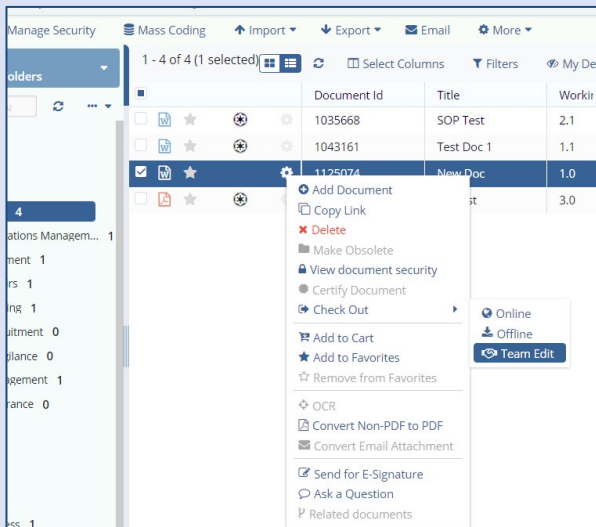

1. Login to the Collaborative Workspace and navigate to the **Documents Library**.

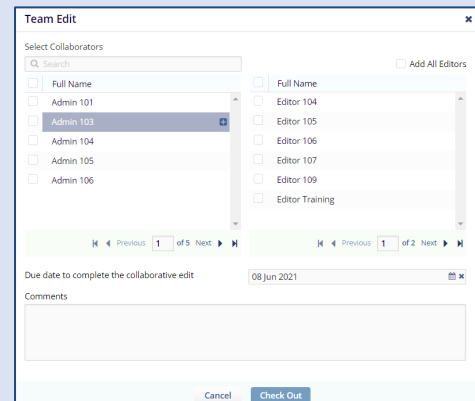

2. Select a **Non-Change Control Document** to be reviewed

3. Right click the **gear wheel** icon and select **Check Out**, followed by **Team Edit**.

4. Select document collaborators, then click **Check Out**.

Tip: Additional collaborators can be added later from the **Profile** tab within the metadata pane

5. Click **Yes** to open the collaboration review profile.

6. The document will open. Make necessary edits to the document by adding text or by making any additional changes.

Note: All document collaborators are able to make changes to the document.

7. Once all document edits are made and the review session is complete, click **Close Review Session and Check In** from the **Collaborate Status** tab from the metadata pane.
